Mr. MATSUI. Madam Speaker, I yield back the balance of my time.

Mr. CRANE. Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Illinois (Mr. CRANE) and the gentleman from California (Mr. MATSUI) each will control 20 minutes.

The Chair recognizes the gentleman from Illinois (Mr. CRANE).

GENERAL LEAVE

Mr. CRANE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous matter on H.R. 4342.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Illinois?

There was no objection.

Mr. CRANE. Madam Speaker, I yield myself such time as I may consume. I rise in strong support of H.R. 4342, a bill to make technical corrections and miscellaneous amendments to trade laws.

H.R. 4342 is a package of miscellaneous trade provisions and other technical and clerical corrections that were introduced originally as separate bills. Collecting these highly technical miscellaneous bills into a single legislative package is an enormous task undertaken in each Congress. Given these difficulties, we have worked on developing and applying a set of consistent, transparent guidelines for handling miscellaneous trade proposals.

The provisions in H.R. 4342 fall into two titles. The first title makes clerical corrections to trade laws. The second title of H.R. 4342 contains two subtitles. The first subtitle contains 112

various duty suspensions and tariff reductions. A large portion of the provisions in this section would temporarily suspend the duty on a variety of anti-HIV/AIDS and anti-cancer drugs. Other provisions temporarily suspend the duties on a wide array of chemicals, including many which are environmentally friendly substitutes for those containing toxic heavy metals.

Another notable provision would provide for duty-free treatment to all participants and individuals associated with the 1999 International Special Olympics, the 1999 Women's World Cup Soccer, which, incidentally, will be held in my home State of Illinois, the 2001 International Special Olympics, the 2002 Salt Lake City Winter Olympics, and the 2002 Winter Para-Olympic Games.

The package of trade bills has been thoroughly evaluated and commented on by all concerned parties, including the U.S. Customs Service, the Department of Commerce, the International Trade Commission, the United States Trade Representative, and the general public, including firms which may have an interest in a tariff suspension on a product they produce domestically, including those from Youngstown, Ohio.

The provisions that remain in the bill are completely noncontroversial and revenue neutral, and many will enable U.S. firms to produce goods more competitively and cost efficiently. Accordingly, I urge my colleagues to support this package.

Madam Speaker, I reserve the balance of my time.

Mr. MATSUI. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise in support of H.R. 4342, the Miscellaneous Trade and Technical Corrections Act of 1998, which I cosponsored with the gentleman from Illinois (Mr. CRANE). This bill was favorably reported out of the Committee on Ways and Means on a voice vote.

H.R. 4342 is a bipartisan bill. It consolidates 112 tariff and 11 trade bills introduced this Congress by Members on both sides of the aisle, as well as proposals from the administration and technical corrections to various trade statutes.

Most of the provisions suspend duties temporarily on imports of specific products, such as drugs to fight AIDS and cancer for which there is no domestic production. These duty suspensions will reduce costs for imported raw material used in manufacturing products domestically. Other provisions correct errors or improve the operations of various customs or other trade laws.

The bill allows the duty-free entry of equipment and personal effects for participants in the 1999 Special Olympics, the Women's World Cup, and the 2002 Winter Olympics. In addition, H.R. 4342 will bring U.S. law into conformity with an international agreement on duty-free importation of large scientific instruments.

This package of tariff and trade bills has been thoroughly reviewed and evaluated by all interested parties to ensure that none of the provisions are controversial. The committee solicited comments from the private sector, the views of the U.S. Customs Service, the Department of Commerce, the U.S. Trade Representative and, of course, the International Trade Commission. These agencies' review ensures that no domestic producers or other private sector interests will be adversely affected. Only provisions which were determined by the CBO to be revenue neutral were included in the bill.

H.R. 4342 will improve the cost competitiveness of domestic companies by removing tariffs which have no protective effect on inputs they need for manufacturing, and will reduce costs for consumers of important drugs.

Madam Speaker, I would like to again commend the gentleman from Illinois for shepherding this bill through the subcommittee, the full committee, and now on the floor of the House. I urge my colleagues to vote for 4342.

Madam Speaker, I yield 3 minutes to the gentlewoman from the Virgin Islands (Ms. CHRISTIAN-GREEN). H.R. 4342 includes a bill she introduced, which was H.R. 2498, to extend the production incentive certificate program to fine jewelry produced in the insular possessions.

Ms. CHRISTIAN-GREEN. Madam Speaker, I thank my colleague for yielding me this time.

Madam Speaker, I rise in strong support of H.R. 4342, which makes miscellaneous and technical changes to various trade laws. I want to thank the sponsors of this bill, the gentleman from California (Mr. MATSUI) and the gentleman from Illinois (Mr. CRANE).

And I also want to thank the chairman and ranking member of the Committee on Ways and Means, the gentleman from Texas (Mr. ARCHER) and the gentleman from New York (Mr. RANGEL), for including my bill to extend certain trade benefits of the U.S. Insular Areas under the Harmonized Tariff Schedule to certain fine jewelry.

Madam Speaker, this is a very proud day for me, and a momentous day for the people of the Virgin Islands, whom I represent. It is a proud day because the passage of H.R. 4342 will mean that we will be one step closer to breathing life into an industry which at one time provided nearly 1,000 direct jobs for my constituents on Saint Croix and several thousand more indirect jobs. It would also breathe life into an economy which has been teetering on the brink of death for nearly 10 years.

Since 1989, when Hurricane Hugo, the first of three major storms, hit our islands, our economy has been severely wounded. Even today, as this country is experiencing an economic boom, the economy of the Virgin Islands continues to decline.

All sectors of the Virgin Islands' economy are in trouble. Tourism, which makes up almost 70 percent of

our economy, continues to suffer from the effects of these storms as well as from a lack of affordable airline fares and other factors. As a result, we are experiencing an unemployment rate which has more than doubled in the past 5 years.

Enactment of my jewelry wage credit bill will mean the creation of good, well-paying jobs for the Virgin Islands, utilizing an already existing labor force and their skills. As a recent editorial in the Virgin Islands Daily News noted, passage of H.R. 4342, which includes my jewelry bill, and I quote, "Will go a long way towards improving our stagnant economy."

Madam Speaker, I want to thank attorney Peter Heibert for his invaluable assistance, and attorney Brian Modeste on my own staff for his diligence on this bill.

I ask my colleagues to help me bring hope back to my district. I ask for a vote of "yes" on H.R. 4342.

Mr. MATSUI. Madam Speaker, I yield myself such time as I may consume to add that the gentlewoman from the Virgin Islands has done a tremendous job on making sure the provisions she sought were in the legislation. We appreciate her efforts there.

Madam Speaker, I yield 2 minutes to the gentleman from Texas (Mr. DOGGETT), whose bill, H.R. 3375, to reduce duty temporarily on synthetic quartz substrates, is included in our legislation. And I want to congratulate him as well for his efforts to get this in there.

Mr. DOGGETT. Madam Speaker, I thank my colleague for yielding me this time, and certainly thank the gentleman from Illinois (Mr. CRANE) also, and rise in support of H.R. 4342.

One of this bill's sections does, as the gentleman from California (Mr. MATSUI) just noted, incorporate in its entirety a bill that I filed in March, H.R. 3375, to reduce tariffs on imports of synthetic quartz substrates.

□ 1315

These substrates are used by DuPont Photomasks based down in central Texas to manufacture photomasks.

Now, photomasks are not the kind you wear on Halloween. Rather, they are a very important form that provide the master patterns that are used to transfer circuit images onto silicon wafers to make chips, which are in turn a very vital component of many everyday products from cell phones to medical equipment.

For many years now, the central Texas high-tech workers at DuPont Photomasks and other of the companies along the Silicon Trail there in central Texas have produced the building blocks for America's industries into the 21st century. Every day over 300 workers go over to the DuPont plant.

They are improving the semiconductor manufacturing process. They are involving the students and faculty at the University of Texas with some important educational opportunities and

staying right on the frontier, with their research projects, of the technological frontier that is so important to America's future.

Our government should be encouraging and supporting this creative industry and the people who have transformed central Texas into a high-tech center for ingenuity and growth.

This tariff reduction is necessary because our tariff rates on these substrates imports have placed the DuPont facility and its central Texas workers at a competitive disadvantage compared to Asian photomask manufacturers. There are no manufacturers of these substrates here in the United States, and our current tariff of almost 5 percent adds hundreds of thousands of dollars in unnecessary costs to the DuPont manufacturing process. This bill will remove an unnecessary cost that has hurt our ability to compete on the world market.

Together with the other tariff reductions that are contained in this bill, they represent at least a modest but very positive statement about the benefits of expanding international commerce. These are benefits both for the United States economy and the American worker.

I believe that our economic future lies in removing more barriers to trade. This is a good step forward. I urge prompt approval of this legislation and the principle that underlies it.

Mr. MATSUI. Madam Speaker, last but not least, I yield 3 minutes to the gentleman from Ohio (Mr. TRAFICANT) who will vote for this bill.

Mr. TRAFICANT. Madam Speaker, I am going to vote for the bill but I wanted to respond to the full employment statement of the gentleman from Illinois (Chairman CRANE) and I want to read some of the new jobs that have been created in the Dictionary of Labor Statistics: gizzard skin remover; corn-cob pipe assembler; fur blower; burger broiler; hotcake chef; ticket taker; jelly roller; cream puff specialist; manure handler; hardness inspector; brassiere cup molder cutter; and pantyhose crotch closure machine operator.

There is also, I would say to the gentleman from Illinois, a pantyhose crotch closure machine operator supervisor. I would venture to say there is a pantyhose crotch closure machine operator foreman.

I want to make a point here. I do not believe America is at full employment. I believe America is at absolutely peak underemployment, and many families need three, four jobs just to pay their bills. So as we keep watching the up and down Viagra motions of Wall Street, keep in mind not everything that looks so rosy smells so good when you hold it to your nose on this trade business.

Now, I do not know all the details of this trade business, but I do have confidence in the gentleman from Illinois (Mr. CRANE) and the gentleman from California (Mr. MATSUI), and I will support these technical corrections. But I

want to say this again: Individual bankruptcy is at an all-time high; credit car debt, all-time high. The American people are under the gun.

We just have seen a strike at General Motors. Thank God it was not a national strike. How many of these plants will move offshore? I am scared to death, as every Member is, because they surely could move offshore under these trade laws and make more profits without our American workers.

But let me tell my colleagues something. The people who pay the taxes to keep this freight on track are the American workers. No workers, no consumers. No workers, no consumers, no tax. No tax, big problems.

So, with that, I am going to make the pitch here for tax. Let us keep American workers. Our tax problems will work out. I will support these technical corrections, but I do not want to hear any more about this full employment.

I have heard enough about panty hose crotch closers. I say to the gentleman from Illinois (Mr. CRANE), and I think it is time he comes clean.

Mr. CRANE. Madam Speaker, I yield myself such time as I may consume.

I would simply remind my distinguished colleague the gentleman from Ohio (Mr. TRAFICANT) that I have seven daughters, and so these are issues of concern I think to any father.

But let me remind my distinguished colleague also of the consideration of the H-1(b) visa vote forthcoming that would permit entry into this country with special visas of 65,000 skilled, skilled, workers because we cannot find them in our own labor force here in the United States. And I would urge that he look at Congress Daily, where it says, "Business groups, especially high-tech companies, want to increase the current annual allotment of 65,000 H-1(b) visas per year to address what they say is a shortage of computer workers."

And so we can have our honest disagreements on this. But I am so appreciative that the gentleman from Ohio (Mr. TRAFICANT) is, nonetheless, supporting this bill we have under consideration today.

Mr. SHAW. Madam Speaker, I rise in strong support of H.R. 4342, the Miscellaneous Trade and Technical Corrections Act of 1998. This bill has many provisions within it which will help small companies throughout the United States. In particular, one provision within this bill will directly help many of my constituents. The provision which I am speaking about this afternoon will allow duty deferral of large yachts imported for sale at U.S. boat shows. The change will put the onus of paying the duty on the end purchaser of the boat and not the importer. Current law requires importers of used boats intended for resale to pay the duty in advance—this acts as a significant barrier to imports.

In my district of West Palm Beach and Fort Lauderdale, this provision will help spur the economy by allowing more and bigger yachts into the shows without having to pay the duty up front. This will lead to, increased sales of

such large boats, which can pump tens of thousands of dollars into local economies because of related expenditures such as the cost of a supporting crew, docking fees, boat repairs, and supplies. The changing of this requirement will also allow importers to reduce the cost of starting new shows and enable small companies to participate in the current shows.

In addition to the duty free entry of large yachts, this bill also contains provisions which will allow duty free entry of certain chemicals that are integral to fighting cancer and AIDS. For these reasons I urge a yes vote on H.R. 4342.

Mr. MATSUI. Madam Speaker, I yield back the balance of my time.

Mr. CRANE. Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mrs. EMERSON). The question is on the motion offered by the gentleman from Illinois (Mr. CRANE) that the House suspend the rules and pass the bill, H.R. 4342, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

GENERAL LEAVE

Mr. CASTLE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on H.R. 4342, as amended.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Delaware?

There was no objection.
